

Buy/Sell/Trade: What You Need To Know!

Buying, selling and trading of personal items like vehicles of all kinds, household goods and anything else you can imagine is very popular now. It seems like everyone's getting into it whether it be for extra cash or to save some cash by getting a used item. Maybe you have been trying it out yourself, or have been thinking about it? Maybe you want to get a good deal on something to save some cash? Or maybe you need some cash and are looking around your home for items to sell? No matter which you would like to do, this book has all the tips and tricks you need to be an informed and confident buyer, seller and/or trader. The information in this book is provided by Bryan Desjardins who has been successful in the buying, selling and trading world for about 10 years working for himself. He decided he wanted to teach others to do what he can in order to get themselves great deals whether they are buying, selling or trading. He has come across so many people that ask him how he does what he does, and after trial and error and developing his skills over the last 10 years, he is now sharing the information with the world. This book has in depth information from start to finish of the entire process including: - How to do your research to become informed about what your buying or selling. - What to look for in advertisements and how to advertise for success. - What to do and not to do when first contacting a seller or buyer. - What to do and not to do when it comes to viewing an item in person as both the buyer or the seller. - How to do proper negotiations for buyers and sellers to get a great deal or the most money out of your item. - The art of trading and how to use your items to get a great deal on something else you want. - The different types of buyers and sellers you will come in contact with and the details on how they tend to work. This book is meant to be a shorter read stocked full of powerful information to get you

started as a buyer, seller, trader, or all of the above as soon as possible. This book is meant to help everyone become informed and confident in being able to make some extra cash on things they no longer need, or to save themselves money on items they do want and need. Whatever you choose to do is up to you and with this book you will have the knowledge and tools to be successful at whichever aspect you choose to use. Most people in the buying and selling world won't share the insider information that you will be benefiting from in this book, as they like to be able to get the great deals for themselves. However, Bryan wants everyone to benefit for themselves the way he has been doing for years. Times are tough for so many people and he wants everyone to be successful in gaining themselves extra money or saving some money on items they want or need. This book is not only set up from start to finish but is also set up as an easy no hassle read that everyone can benefit from. So if you're looking to gain the confidence and skills to buy, sell and/or trade, then this is a great book for you!
