Following the events of Force Works 15, Century and his friends have departed Earth in the Brokers spaceship. They plan to return each one of the Brokers long-time prisoners to his or hers native planet! Its a noble quest indeed, but sadly many of the prisoners homelands have long since been destroyed...including Centurys. Meanwhile is his cell onboard the ship, the Broker plots his revenge! With the help of nasty brain stem parasites, the Broker takes command of his slaves again! And makes a deal to sell Century to a strange alien called Imogen! Who in turn wants Centurys help in stealing a powerful trans-dimensional object called the crucible! What a mess! Does Century have any chance of getting back home...wherever that may be?
