

Out of the Projects

Out of the Projects is a wonderful, inspirational story of Daniel Ross, a young man growing up in the projects that found a love for athletics and conquered the world through his abilities. Through his friendships and accomplishments in both track and basketball, Dan Ross learns important lessons about life, love, and the importance of family. Come and experience the many trials and tribulations that life has to offer. Smile and laugh with Dan and his many friends, who grow up in what is considered adverse conditions, yet use that adversity to their own benefit and succeed in a big way. Discover the lessons Dan and his friends learn as they rise Out of the Projects. Charles Daniel Ross earned his BA in Elementary Education from California State College, California, PA in 1973. He taught and coached in the elementary, middle school and high school levels for over thirty years earning numerous professional and interscholastic honors along the way. Presently he is retired from teaching and lives with his wife Darlene in Allison Park, PA. Even though he has left the rigors of the classroom behind, he still continues to enjoy coaching and working with young people in and around his community.
