

The Promised War

A thrilling seat-of-the-pants adventure perfect for fans of Dan Brown and Scott Mariani. When the wreckage of a sunken Nazi submarine unlocks a shocking legacy of Hitler's quest for Atlantis, fearless archaeologist Conrad Yeats exposes an alarming conspiracy in the ruins of the Third Reich: a dangerous secret that the highest levels of every major government will stop at nothing to protect. Holding the key to ancient mystery, Yeats is plunged into a deadly race across the Mediterranean, hunted by the assassins of an international organization on a ruthless mission to ignite global Armageddon and revive an empire. With the help of Serena Serghetti, the beautiful Vatican linguist he loved and lost, Yeats must uncover the sinister truth behind the centuries-old puzzle before worldwide devastation begins. A wonderfully honed cliff-hanger, an outrageous adventure with a wild dose of the supernatural. A thrill ride from start to finish. Clive Cussler on Raising Atlantis: Remarkable!
