

## Waiting for Tomorrow

Honesty is the best policy. That's the philosophy Mitch Tarrington has always lived by and the principle upon which he bases his marriage to Dana. He would never think of telling her a lie--until a situation arises in which he knows the truth might destroy the sacred bond they share. Even when the guilt of his deception becomes too much to bear, he chooses to continue believing what Dana doesn't know won't hurt her. He couldn't be more wrong. When a chance encounter uncovers his secret and leaves tragedy in its wake, Mitch soon learns that his attempt to save his relationship is the very thing that may end it forever. Only time will tell; and as he clings to his faith, he finds that sometimes waiting for tomorrow is all you can do. Enjoy this humorous and heartwarming second novel in the Forever Love series!
